

PEER TEACHING REVIEWS

Faculty: Visit courses anytime in the Fall or Spring, based on your availability in terms of which course you observe and which session. Discuss with the colleague whose course you are visiting, so as to identify a time (or a mode, for async courses) convenient for all. **Meet with your colleague to offer feedback over zoom or in person, and then submit a report to the Dept Head in writing, and share that report with your colleague.** If you have questions about authoring this report, please see LAS guidance (<https://uofi.app.box.com/s/tmlqnk4zvrvs5ufjdyw0z6eenvkhqtev/file/868800491007>), and consult our P&T document section on teaching criteria. Assignments often blend ranks, as this is meant to be a conversational exercise, to guide learning from each other. Faculty in their first year of appointment are not reviewed until their second year.
